"OUR ALMA MATER"

The Indian Echo

Out of the hills come ringing
 Echoes of Ancient past
 Echoes of Indian warriors
 Into the battle fast
 Echoes of men of honor
 Striving for worthy fame
 Echoes of faith and of courage
 All for our honored name.

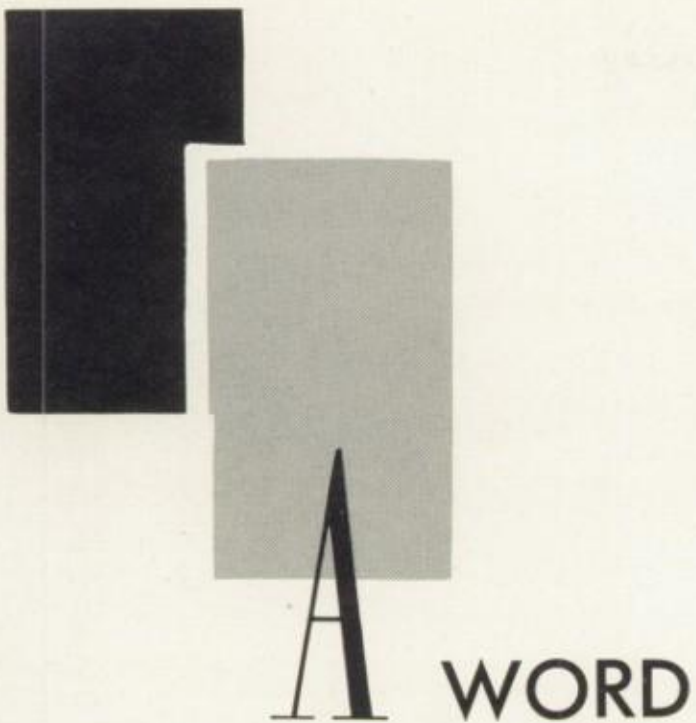

Hail to old Berkeley High School
 Hail to her gold and blue
 Hail to her sons and daughters
 Loyal and tried and true
 Hail to her fighting Indians
 Stalwarts in every fray
 Hail to our love and devotion
 True to our dying day.

Lead us O, Berkeley Indians
 Lead us in liberty
 Out of Life's field of battle
 Give us the victory
 Help us to fight and conquer
 All that beset our way
 Help us to always remember
 Friends of our high school day.

From the Editors

We, the Annual Staff, are proud to present to you our 1963 ARROWHEAD. This book has caught glimpses here and there, so that in years to come the activities of this school year at Berkeley Springs High will not be dimmed and will not fade from memory.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '63, we shall be content, knowing that we have done the thing we were called upon to do.

D EDICATED TO . . .

We, THE ARROWHEAD STAFF of 1963, take great pride and pleasure in dedicating this edition of THE ARROWHEAD to Mr. William Randall, who, by his patient and understanding guidance has conscientiously and successfully contributed to our school a band of which we are very proud.

Mr. Randall started his service to Berkeley Springs High School in the fall of 1955. At this time the outlook for the Berkeley Springs High School Band was not good, due to the facts that many of its members had graduated the previous year and that no future plans of rebuilding the band has been set up.

Nevertheless, Mr. Randall started a rebuilding program in the Berkeley Springs High School and surrounding schools which included the addition of fifteen different instruments and new band uniforms. He has been fully responsible for our band which during the past four years has been awarded four consecutive "Superior" ratings at the Regional Band Festival.

No such success can be possible without great effort on the part of somebody, which, in this case, is Mr. Randall, to whom THE ARROWHEAD STAFF sincerely and respectfully dedicates this volume of THE ARROWHEAD.

BOARD OF EDUCATION

Eleanor Crump, Gladys Butts, Henry Ruppenthal, Elmo Allemong, President; Raymond Dispanet, County Superintendent; O. B. Weber, George Noland, Assistant Superintendent.

Seems like all school districts have school boards to direct the people who direct the students . . . vicious circle . . . school boards really come across some enormous problems, and they spend many of their free hours in stuffy meeting rooms discussing them. They must keep an eye on their new building projects, then worry about how they are going to pay for them . . . many other problems fall on the shoulders of the school board . . . the budget, overcrowded school rooms, the budget, setting school standards, the budget, approving new teachers, and . . . the budget. Again I say . . . vicious circle. Not many people would like to take over the job of having all those problems and making decisions that may influence the lives of everyone within their school district.

For their sincere interest and their conscientious effort to provide the best educational facilities for the youth of the county, we are deeply grateful to these citizens of Morgan County.

OUR FACULTY

They have understood our problems, assisted us with patience of steel, listened to our complaints with an admirable smile, inspired us with confidence, encouraged us when we were disheartened, and enhanced our chance for success.

Their determined effort to make us satisfied and happy shall always be remembered as one of our most precious high school memories. Words can't express our appreciation for their various contributions. We love, honor, and respect them—The teachers of Berkeley Springs High School.

A student council, as the name implies, is a council composed of students. Each student has been elected by and represents one segment of the student body; thus, all actions and activities carried out by the council are reported back to the students. Ideas, thoughts, or suggestions of non-council members may be taken back to the council by the representatives. In this way it is felt that, although each student cannot attend the meeting, he is still a part of the student council.

The student council meets twice a month. One member of the faculty advises the council and attempts to add ideas from time to time. The adviser also acts to inform the council of faculty policies.

Berkeley Springs High School Student Council for the school year 1962-63 has made good progress. Under capable student leadership it has carried out various projects to benefit or aid the school. In addition, the council has continued to be the voice of the student body in expressing its opinions.

The National Honor Society is a national society sponsored by the National Association of Secondary School Principals. Its members consist of high school students who are selected by the local school on the basis

of high academic achievement, service, worthy leadership, and high moral character.

At B.S.H.S., membership is limited to a group chosen from the Junior and Senior Classes. The objects of this chapter are to reward those chosen for membership and to promote high standards generally throughout the school.
